

Jasper R-V Staff Health Self Assessment 2020-2021

Revised 7-27-2020

The purpose of the Health Self Assessment is to help the staff members monitor their health and make determinations on whether attendance at school is best practice.

Check boxes if any of the symptoms are present and are NOT explained by other health factors

- Fever or chills (fever over 100.3 or a rise of over .7 from normal body temperature)
- Cough
- Shortness of breath or difficulty breathing
- Fatigue
- Muscle or body aches
- Headache
- New loss of taste or smell
- Sore throat
- Congestion or runny nose
- Nausea, vomiting or diarrhea
- Been in close contact within the past two weeks with an individual with a confirmed case of COVID-19

If the staff member answers YES to any of the screening questions, they should NOT report to work but should instead call for a substitute, notify the appropriate building supervisor and make contact with a health care professional for further guidance.
